Re: Patent Application for "Method and Apparatus for Optimization of Wireless Multipoint
Electromagnetic Communication Networks"
Brian G. Agee et. al., Inventors

Dear Sirs:

On June 10, 2001 I sent by Express Mail a less-completed version with 40 of the original 41 drawings, and have not obtained copies of them to send with this. I ask that the two documents be merged into a single application rather than become two independent applications.

The above-named inventors and application qualify for and assert small entity status.

I hereby authorize use of my deposit account, 500705, with User ID FINA, to cover all necessary fees and costs for this application.

I ask that on receipt the enclosed checklist of received materials be filled out and returned using the self-addressed, stamped envelope I have enclosed.

Sincerely Yours:

George S. Cole, Esq. PTO #40,563
